13TH MARCH 2026 MESSAGE FROM MR PLIM

Dear Parents and Carers,

We had an unexpected visitor at Highley Community Primary School this week—a sneaky fox! This delightful encounter sparked a wave of creativity among Clees and Miners, who were inspired to write about the fox's antics with their gingerbread men. Witnessing our youngest learners transition from simple mark-making in September to crafting meaningful sentences for their 'Have You Seen This Fox?' posters is a remarkable milestone in their journey. Lots of children have visited me to show off their fabulous descriptive sentences and illustrations to match – this real-life prompt not only enhances their writing but also fosters a love and purpose for writing that is vital for their development.

This week, we held our parents' consultations, and we are thrilled to report a fantastic turnout! These spring term meetings are a wonderful opportunity for parents and teachers to come together, to celebrate children's achievements and discuss their progress. Thank you for coming to talk to staff, it's really important for children to see that you are working in partnership with school – the opportunity to gain feedback from yourselves through these meetings is vitally important too. A huge thank you for spending £1,500 at the book fair, enough for school to buy £900 worth of brand new books for school!

We are excited to announce that Red Nose Day is just around the corner! This always presents a fantastic opportunity for children to engage in charitable activities while having fun. We encourage everyone to participate in our Crazy Hair Day next Friday, where creativity knows no bounds! All children need to do is come in their normal school uniform, but with crazy hair. To make it easy for everyone to join in, here are the prize categories for the best hairstyles:

The most hair-larious style - the funniest hair.

Sky-High hair - tallest hair.

The 'how did you do that?' - most creative design.

Bed-head champion - the messiest style.

Remember, all funds raised will go towards Comic Relief, helping those in need. Mrs Mantle has also made some special Red Nose Day biscuits which will be on sale on Friday.

Another thank you to all those that attended the quiz on Saturday night at the Parish Rooms – £420 was raised for the Sunshine Room who are planning a day trip with the children!

Thank you to the PTA for running their Mothers Day sale this week and raising a whopping £400 for school, particular thanks to Amy Steadman, Maisie Stevens and Carly Whitehouse for sorting gifts and helping with the sale. Remember to say thank you to your Mums this Sunday – a day to be grateful and appreciative for the tireless, often unappreciated efforts and sacrifices our Mums make for us all.

Don't forget, the Repair Cafe is on tomorrow at school – Have a lovely weekend everybody,
Mr Plim

Stars of the Week

Clee

Kai you are making amazing progress in your learning. You have been joining in with all our activities, sitting beautifully on the carpet and your writing has blown us away! Perhaps it's the magic glasses! Keep it up!

Miners

Arthur is Miner's Star this week. He has been working incredibly hard to form his letters correctly and is now having a go independently. He is also becoming more confident when speaking to both adults and his peers.

Arley

Arley's star this week is Bertie! He has produced some amazing writing this week, always challenging himself to add more description. He has given us so many amazing adjectives which we have been magpie-ing to make our own writing more interesting! His handwriting has been so much neater too, as he is following advice and pushing himself to do better. Well done Bertie!

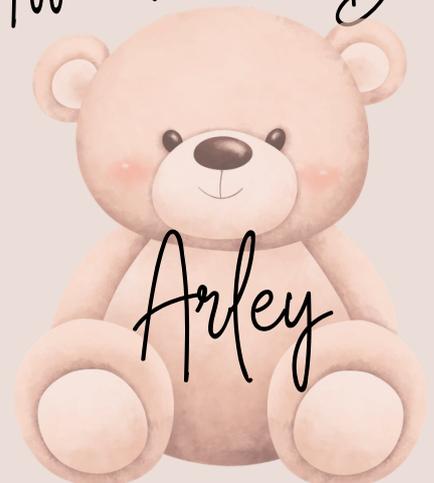

Netherton

Wynter is our Star in Netherton! She is an absolute grafter. She never gives up or says she can't do something - she simply tries a different way. Her determination shines through everything she does. She sets a brilliant example for her classmates, consistently doing the right thing and following instructions beautifully. Her positivity and resilience shine every day. Well done Wynter, keep being you!

Station

Station's star of the week is Brandon. Brandon is working incredibly hard in class and recently had a wonderful time at Pioneer when he really pushed and challenged himself. Brandon is a kind and caring friend, and it was lovely to share lots of positive feedback with mum at parents' evening. We are all very proud of you, Brandon!

KS1 Attendance Bear

Stars of the Week

Hazelwells

Bill is the star in Hazelwells for building good relationships with peers, settling into his new class really well and adjusted to a new school environment. We have seen how hard you have worked in lessons, even sharing some stories about earthquakes. Well done!

Ironbridge

This week in Ironbridge class, Jude has shown what a hard worker he is, improving his attitude towards his learning and being a super member of our Pioneer 26 team. Well done Jude, keep up the hard work!

Severn

Star in Severn is Gracie for showing resilience in all lessons and always bouncing back when she finds something hard. You have worked so hard in your Maths this week, we know it's not always easy but you have totally smashed it by refusing to give up.

Wrekin

Star of the week in Wrekin is Zach. Zach has impressed us this week with his coaching skills. We were tackling a really challenging maths topic which we hadn't done before. Zach was quick to grasp what was expected of him, and was then able to support his classmates in their endeavours. All done in Zach's humorous style! Every class needs a Zach!

Hitchens

Star of the week in Hitchen's is Jack Adlington. It's been a long time coming but this week Jack has really dazzled us with his enthusiasm in both maths and English. Jack has been much more forthcoming with his contributions this week and it has been lovely to hear him supporting his understanding with his peers. Jack has been a real joy to have in class this week.
